Attn: Mr. McDaniel

The Environmental Protection Agency hereby amends the subject specific exemption granted June 1, 2012, under the provisions of section 18 of the Federal Insecticide, Fungicide and Rodenticide Act, as amended, to the Mississippi Department of Agriculture for the use of sulfoxaflor to control tarnished plant bug, *Lygus lineolaris*, on cotton grown in the river delta region of Mississippi. This specific exemption is amended by reducing the rotational crop restrictions for "all other food and feed crops" from 360 days to "60 days".

All other terms and conditions of our original authorization still apply.

If you or your staff have any questions with respect to this specific exemption, please contact Emergency Response Team member, Libby Pemberton (pemberton.libby@epa.gov; 703 308-9364).
